Pre-lodgement checklist

Variation to the category of licence from full club to restricted club

This checklist details the documents required to accompany the lodgement of your application. Supplying these with your application will allow the Victorian Commission for Gambling and Liquor Regulation (VCGLR) to commence assessment of the application and can reduce processing time. Your application may be returned if the accompanying documents do not meet the requirements below.

The VCGLR may contact applicants to request additional documentation depending on the circumstances of their business.

All forms and fact sheets referred to are available on the VCGLR website vgccc.vic.gov.au.

Please ensure the following forms/documents are attached to this application

Tick all boxes below when a requirement has been met, then sign and date your confirmation at the end of this form.

Application form

Please ensure:

- all fields on the application form are completed
- the nature of the business is detailed, clearly demonstrating why a liquor licence is sought
- trading hours are detailed for internal areas and (if applicable) any external areas where alcohol will be served
- the application form is signed and dated by the applicant
- that correct fees are attached, as detailed in the 'Liquor licence fees' fact sheet.

Planning permit or evidence that a permit is not required

- A copy of the planning permit from the local council (or responsible planning authority) showing that you have planning permission to supply liquor in accordance with the category of licence you are applying for. For example, this should show that you have planning permission for the activities permitted by the new licence type, the trading hours you are applying for and the area where you would like to supply liquor (red-line area).
- If a planning permit has not been granted at the time of application, you are required to provide a copy of an application for a planning permit made to the local council (or responsible planning authority). If the area where you would like to supply liquor includes the kerbside trading area, please provide a copy of a permit that shows you have permission to use that area.
- Alternatively, you can provide evidence that a planning permit is not required to supply liquor as outlined in your application. For example, a letter from the local council (or responsible planning authority) or a copy of the relevant planning scheme.

Four copies of the red-line plan

A licence is granted for a defined area on the premises. Four copies of the plan of the premises with the proposed licensed area outlined in red are required for an application to be accepted.

- The plan **must** meet requirements detailed in the 'Plans of licensed premises' fact sheet.

Maximum patron capacity

Patron capacity is the maximum number of patrons allowed on the licensed premises at any one time. A maximum patron capacity may be required to be endorsed on the licence.

For more information please refer to the 'other application requirements' section on the application form and the 'Maximum patron capacity' fact sheet.

Please note

Applicants will be sent an acknowledgement letter when the application and required documentation detailed in the above checklist are lodged. The letter may also outline a list of additional information required and the date by which it must be submitted. The VCGLR will then complete the assessment and determine the application.

One applicant to sign and date below to confirm all required documentation has been completed and is attached to this application.

Victorian Commission for Gambling and Liquor Regulation

Liquor licensing fact sheet

Plans of licensed premises

When a liquor licence or BYO permit is granted, it is for a defined area where liquor can be supplied and/or consumed. This is shown by a red-line drawn on a plan of the premises. This plan needs to be submitted to the Victorian Commission for Gambling and Liquor Regulation (VCGLR) as part of the application process and may be required upon request at any time.

The plan of the premises must accompany applications for:

- a licence or BYO permit excluding a pre-retail licence or a BYO permit for party bus
- a variation of a licence or BYO permit that involves a change to the size or perimeter of the licensed premises
- a transfer of a licence or BYO permit if the current floor layout of the premises differs from the plan held at the VCGLR
- the relocation of a licence or BYO permit.

Plan of premises should be given to the VCGLR if internal changes are made.

If a change is made to the internal area of licensed premises (for example, by adding or removing a particular structure), the licensee should submit an updated plan of the licensed premises.

Plan of the premises to be given to the VCGLR if requested

In addition to the above, under section 130(1)(a) of the Liquor Control Reform Act 1998 an authorised person (such as a Compliance Inspector or member of Victoria Police) may at any time request information relevant to the operations or the management of the premises. This may include a current plan of a licensed premises.

What form should a plan take?

The VCGLR has specified that a plan must contain the following elements:

- be on suitably sized paper, minimum A4 size (graph paper is not acceptable)
- be drawn in ink and be neat and legible
- show the floor plan(s) of the owned or leased property
- outline in red the boundaries of the proposed area to be licensed
- if the proposed area does not follow a physical barrier (such as a wall), describe what is being used to separate the area
- show clear and consistent measurements on the plan
- include the address of the premises
- include a compass point showing north and names of the surrounding streets
- show basic functions or fixtures, for example, bar and dining area/kitchen area or in the case of a packaged liquor outlet, shelf areas where alcohol is displayed and the cash register is located
- a plan should be drawn to a suitable scale so that all elements above are clearly identified. A suggested scale is 1:100 (1cm = 1m).

Restaurant and cafe licences and On-premises licences

If applying for kerbside trading, identify the area to be licensed and separately outline this area in red on the plan. The VCGLR will mark this area with an A.A on the approved copy of the plan. This area is referred to as the Authorised Area.

General licences

A general licence authorises the supply of liquor to patrons for consumption off the licensed premises, being a footpath or kerbside area. Therefore this area does not need to be identified on the plan.

Please note that licensees must comply with relevant local planning laws.

Where a proposed licensed or authorised area includes large outdoor spaces, a separate site plan must be provided that shows:

- the entire site including internal and external areas drawn to a suitable scale
- outline in red the proposed area that is to be licensed
- clear descriptions of how the proposed outdoor area will be distinguished (for example, fence, portable barriers, warning signs).

If the plan does not meet these requirements, the applicant will be required to resubmit the plan.

What am I required to do with my approved plan?

A copy of the approved plan must be kept on the licensed premises and must be available for inspection on request by a member of Victoria Police or a Compliance Inspector.

Failure to keep a copy of the plan on the licensed premises or produce a copy of the plan for inspection

could result in a fine being issued.

Where can I get a copy of my approved plan?

If you do not have a copy of your approved plan, you can obtain a copy from the VCGLR at no extra cost.

An example of a plan is provided below.

Victorian Commission for Gambling and Liquor Regulation

Liquor licensing fact sheet

Maximum patron capacity

The Victorian Commission for Liquor and Gambling Regulation (VCGLR) has a maximum patron capacity policy that guides how patron capacity is determined for a liquor licence.

Maximum patron capacity is the maximum number of patrons allowed on a licensed premises at any one time. This is to prevent overcrowding inside the venue and to minimise impacts on local amenity. Patron capacity may be used to calculate the annual licence fee payable by each licensee.

Applicants will be required to provide specific documentation in order for the VCGLR to determine and endorse maximum patron capacity for a premises.

Under the *Liquor Control Reform Act 1998* (the Act) the VCGLR can set a maximum patron capacity as a condition of a liquor licence. This is enforceable, and penalties apply for licensees who do not comply.

This factsheet provides guidance as to how the VCGLR will determine maximum patron capacity for the purposes of the Act. It is the building owner's responsibility to ensure that building occupants comply with all other regulatory requirements.

Which licences have a maximum patron capacity?

Maximum patron capacity will be endorsed in respect of applications for the following new licences:

- general
- on-premises
- restaurant and cafe
- late night (on-premises and general)
- full club
- restricted club.

Some existing licences may also be endorsed with maximum patron capacities.

Maximum patron capacities may also be required on some major event licences where appropriate.

How does the VCGLR determine maximum patron capacity?

In the first instance, the VCGLR will determine maximum patron capacity based on the maximum patron capacity stated within the most recently issued planning permit provided with the application.

If the planning permit does not contain a maximum patron capacity, or if the planning permit has not been granted by the local council prior to the grant of the liquor licence, applicants are encouraged to contact their local council to obtain a copy of an occupancy permit. The VCGLR will then determine the maximum patron capacity based on the number stated on the occupancy permit.

In circumstances where neither the planning permit nor occupancy permit specify a maximum patron capacity, applicants are required to obtain a report from a registered building surveyor that states:

- the area in square metres available to the public for the whole of the internal premises (excluding toilets, passageways and the like) and (if applicable) for any external areas such as courtyards or decks, and
- the number of patrons that may be accommodated on the internal premises and (if applicable) on any external areas of the premises based on a ratio of one person per 0.75 square metres.

Please ensure that the report displays the building surveyor registration number.

Note: The VCGLR may request a building report from a registered building surveyor showing a calculation based on a ratio of one person per 0.75 square metres if the VCGLR considers that the capacity provided in the planning or occupancy permit is inaccurate or inappropriate. This may be requested in light of any information contained within the licence application and having regard to the objects of the Act.

Restaurant and cafe licences

For restaurant and cafe licences, tables and chairs must be available for at least 75 per cent of patrons. For example, if the licence states that maximum patron capacity is 100 patrons then there must be tables and chairs available for at least 75 patrons. Likewise, if there are tables and chairs available for only 50 patrons, a maximum of 66 patrons may be legally accommodated on the premises.

Patron capacity for specific areas

In addition to the overall maximum patron capacity for the licensed area, the VCGLR may set separate patron capacities on specific areas within a licensed area, such as:

- balconies
- terraces and courtyards
- beer gardens.

Patron capacities allocated for specific areas are calculated in accordance with the methods listed above, as well as amenity considerations.

While the VCGLR considers amenity as part of the patron number calculation, the relevant local council also retains responsibility for managing issues of amenity in each council region.

External areas

The overall maximum patron capacity for a licensed area is generally no larger than the maximum capacity allowed for the internal area of the premises.

This is to prevent overcrowding, and minimise sanitation and fire safety risks associated with patrons moving from outdoor to indoor areas, for example, to get a drink, to exit the premises or if it rains.

In some circumstances, the VCGLR may consider increasing the overall maximum patron capacity to allow for external areas.

Applicants with external licensed areas who wish to apply for this increase can submit a building report from a registered building surveyor demonstrating that fire safety and sanitation arrangements for the additional patrons will be met.

Features of an external area that may support an increase to the overall maximum patron capacity include:

- an external area that is large compared to the internal area, such as a large beer garden
- effective weather proofing
- separate entrances and exits
- separate facilities such as bars and toilets.

Function and accommodation areas

Function and accommodation areas may be excluded from the overall maximum patron capacity, and may be given their own separate capacity limits.
